WORK EXPERİENCE

Gazi University Software Unit
Ankara - Turkey
2021 - 2022 (Part-time)
Collaborated as a Software Intern for 7 months, actively contributing to various projects and gaining substantial practical experience in software development. Worked seamlessly with diverse teams to enhance system functionalities and optimize user experiences.

Work and Travel Program
New Jersey - USA
Summer 2022
Participated in the Work and Travel program in the USA for 4 months, acquiring valuable international work experience. Demonstrated adaptability to diverse work environments, showcasing flexibility, and enhancing cross-cultural communication skills

Diyanet İşleri Başkanlığı
Ankara - Turkey
Summer 2023 (Internship)
Led the development of a new full-stack website, contributing to the modernization of online platforms within Diyanet İşleri Başkanlığı. During this intense 2-month period, I spearheaded the development of a comprehensive website cataloging all mosques across Turkey, consolidating information within a unified web environment
